FOP President's Message

Last month was a busy month for the FOP. We hosted bag pipers at the FOP hall for opening day. The group included folks from New York, New Jersey, Indianapolis and, of course, a fine group from Hamilton County.

This year alone, The Shield has been very active assisting members of this lodge in need. Even if you haven't done so already, I strongly suggest considering contributing to them. They are a wonderful organization. Visit their website at theshieldohio.com for more information.

The broken windows theory states that visible signs of crime, anti-social behavior, and civil disorder create an urban environment that encourages further crime and disorder, including serious crimes.

We are living this very theory in Cincinnati. We have elected officials who don't want vehicles with 30, 40 or 50 delinquent parking tickets towed. To make things worse, officers are now required to contact the city prosecutor's office if they have charges they DON'T want dismissed and, finally, we have a juvenile court "unofficial" docket that is kept secret from the public where charges virtually disappear. Officers, it's imperative you weigh the risk of taking enforcement action against the blind dismissal from the courts and what could be an impending CCA or internal complaint. Be smart, be safe and always do what's right by the citizens we serve.

Fraternally,
Ken Kober

FOPA OFFICER OF THE MONTH

Jackie Metz

The April FOPA was held on Tuesday, April 2. Police Officer Amanda Johnson was honored. Sgt. George Jason nominated Officer Johnson for the award for her actions related to a fatal traffic crash that occurred on September 23, 2023.

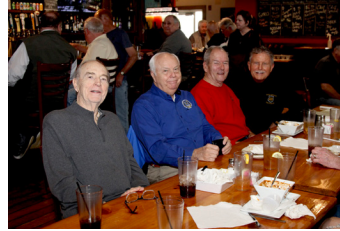

The fatal crash involved a pedestrian and two dogs that were struck and killed. Traffic Unit Lieutenant Van Horn contacted the Night Chief seeking assistance in finding a means to preserve the remains of the deceased dogs so they could be recovered by family members following notification. The Night Chief contacted Officer Johnson, who was off duty, for assistance. Officer Johnson was able to identify an emergency veterinary clinic that was open and willing to assist, due to the circumstances. The dogs' remains were transported to the clinic for preservation.

The following day, the dogs' owner contacted Lt. Van Horn expressing her gratitude for the ability to recover the remains of her dogs. Officer Amanda Johnson went above and beyond in assisting Traffic Unit with this unique request. Thank you for your outstanding commitment to service!

L-18 EASTSIDE LUNCHEON John Burke

Saw some faces at the April L-18 Eastside Luncheon freshly back from Florida that made up the 75 in attendance. Tons of fun, great food, service, and networking was accomplished! Hope you can join us on May 14th for the next scheduled get together!

RE: CINCINNATI POLICE MEMORIAL PARADE FRIDAY, 5/17/2024

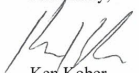

Dear Members,

I would like to remind everyone that the Cincinnati Police Memorial Parade and ceremonies will be held, Friday, May 17, 2024. Shuttle buses will leave D-1 at 9:30 a.m. The event starts at 11:00 a.m. on Fountain Square. The parade steps off at 11:30 a.m. and moves back to the memorial site for a short ceremony.

If you are not working, there is little excuse for not showing up at the memorial parade. Friends, neighbors, and families with children in strollers are welcome to come and honor those who have made the ultimate sacrifice.

After the conclusion of the event a cookout will be served on the grounds adjoining the memorial site at 311 Ezzard Charles Drive. I invite and urge all members to participate this year.

Fraternally,

Ken Kober

COMMUNICATIONS COUNSEL

Ryan Stubenrauch / Jamieson Gordon

In this month's crisis communications in the news, we make our way to Oak Bluffs, Massachusetts where a car pursuit ended with a submerged car.

Here's the statement the police in Oak Bluffs put out following the incident:

The Oak Bluffs Fire-EMS Department responded Thursday, April 11th, 2024, at 9:27PM at the request of Oak Bluffs Police Department for a report of a vehicle submerged with an occupant in the water at the Steamship Authority Terminal.

Before Fire and EMS Personnel arrived on the scene, the vehicle intentionally rammed an Oak Bluffs Police cruiser occupied by Sergeant Wiggin and a subsequent pursuit through town ensued. The vehicle then proceeded to elude law enforcement, breached the locked gate of the Steamship Authority Terminal, traveled down the wooden pier, and launched into the ocean.

The joint response effort was immediate and effective. The Oak Bluffs Fire-EMS Department's Dive Team was activated; 2 Fire apparatuses, 1 ALS Ambulance, 1 EMS vehicle, a Rehab Unit responded; and 567 Marine Unit was promptly deployed, with both Fire and Police Personnel onboard, to provide critical assistance.

Oak Bluffs Fire, EMS, Police as well as Massachusetts State Police personnel secured the scene and provided necessary scene lighting. The sole occupant/driver of the submerged vehicle managed to self-extricate but encountered difficulty swimming to safety.

The individual was spotted by Oak Bluffs Fire and Police Personnel, swam to the end of the concrete dolphin on the left side of the slip, climbed a ladder, and reached the pier.

Oak Bluffs Police and Fire personnel were able to safely rescue the individual and bring them aboard the Marine Unit, where Oak Bluffs Police Officers took the individual into custody.

The individual was subsequently transported by Oak Bluffs EMS Personnel to Martha's Vineyard Hospital for non-life-threatening injuries sustained during the incident.

The response efforts were further bolstered by the presence of Massachusetts State Police on scene. The Oak Bluffs Harbor Master, Oak Bluffs Shellfish Department, Steamship Authority, United States Coast Guard and Massachusetts Department of Environmental Protection, were duly notified of the situation.

This statement is too long and detailed. While some details are necessary, we don't need to know the exact amount of ambulances or hear the step-by-step narrative on how the car ended up in the water.

Here's how we would revise it:

Oak Bluffs Fire, EMS, and police promptly responded to a pursuit that ended with the suspect's car in the ocean on April 11th. The suspect intentionally hit an Oak Bluffs po-

lice vehicle and fled, prompting a pursuit through town and into the Steamship Authority Terminal where the vehicle ended up submerged in the ocean.

Oak Bluffs first responders along with Massachusetts State Police secured the area and rescued the suspect from the water. The suspect was then taken into custody and sent to Martha's Vineyard Hospital to be treated for non-life-threatening injuries from the accident.

We are grateful for the quick and effective collaboration and response by Oak Bluffs Police, Fire, EMS, and the State Police. While the suspect is considered innocent until proven guilty, we will seek justice for anyone who puts our community at risk by breaking the law. Please contact Oak Bluffs Police Department if you have any additional information on the alleged crimes or suspect.

See how our version cuts the length in half and excludes many of the unnecessary details. The reader still understands the basics of what happened without getting bogged down in the specifics.

We also added a more general statement at the end showing appreciation to first responders, reminding folks that we will seek justice, and asking them to share information if they have any.

IN MEMORIAM Greater Cincinnati Police Museum

Cincinnati Police Sergeant Raymond Dean Smith, Jr.

Ray joined the Cincinnati Police Division on March 2, 1980, as a Police Recruit as part of the 64th Police Academy. On September 14, 1980, he was promoted to Police Officer, issued Badge 212, and assigned to District 3. A year later, he was rotated to District 4. Five years later, Officer Smith transferred to District 2 and became their Crime Prevention Officer. On April 14, 1991, he was promoted to Police Specialist and issued Badge PS-117. Later that year, his brother Thomas Smith, was also promoted to Police Specialist.

On March 7, 1993, he was promoted to Police Sergeant, issued Badge S-132, and assigned back to District 3. Later that year, his brother was promoted to Sergeant. In 1994, he was rotated back to District 4. On May 10, 1995, Sergeant Smith received a Police Appreciation Award during Police Week for his Contributions to Law Enforcement. On May 8, 2000, he was honored with the Ohio Crime Prevention Association's prestigious Michael Blankenship Member Service Award. On March 18, 2001, Sergeant Smith accepted a staff position in Planning Section.

Sergeant Smith retired on December 4, 2004, after almost 36 years of service to his country and communities.

Sergeant Smith died in his sleep on April 27, 2024, two days before his 78th birthday. He is survived by his wife, Beverly; twin brothers, retired Cincinnati Police Sergeant Thomas D. Smith and retired Cincinnati Firefighter, Timothy Smith; and sister, Nancy.

Our thoughts and prayers go out to his family and friends.

Dispatcher and Data Entry Clerk with Bipolar Disorder Who Cannot Perform Duties as Dispatcher Does Not Qualify for ADA or FMLA

Steve Lazarus, Esq. • Lazarus & Lawson, LLC • SteveLazarus@hlmlaw.com • (513) 607-4455

On March 18, 2024, the U.S. Court of Appeals for the Sixth Circuit issued a decision affirming the decision of the Southern District of Ohio. The case arose after the district court dismissed a complaint by a Dispatcher-Data Entry Specialist (“DDES”) who sued their employer for violations of the Americans with Disabilities Act (“ADA”) and the Family Medical Leave Act (“FMLA”) after the employer rejected the DDES’s request to cease dispatch duties due to the DDES’s bipolar disorder. The Court of Appeals ruled that dismissal was proper because dispatch duties are an essential function of the DDES position.

The case came to the Court of Appeals after the Licking County Sheriff’s Office (“LCSO”) promoted a dispatcher to the DDES position following one year of service as a dispatcher. The DDES’s duties included primarily entering warrants and protective orders into the LCSO system, but the DDES was expected to perform basic dispatch duties when required. Upon promotion, the LCSO removed the DDES from the dispatcher schedule and hired a replacement. After starting the new position, other dispatchers ceased entering warrants and civil protection orders, as it was primarily the DDES’s responsibility. For approximately eight months, the DDES spent eight hours a day entering warrants and protection orders, but their desk remained in the radio room with other dispatchers to assist with calls when needed.

During COVID-19, the LCSO moved the DDES from the first shift to third shift. Following the stress induced by COVID-19 in the workplace, the DDES suffered a severe bipolar episode that warranted extended leave. The DDES informed the LCSO of their health issues and submitted FMLA paperwork to obtain leave. After the leave expired on July 28, 2020, the DDES submitted a fitness-for-duty packet, but was only cleared for data entry work, restricting the DDES from working the third shift or performing dispatch duties. During COVID-19, the demand for data entry was low and the only available vacancies required dispatching. On July 31, 2020, the LCSO rejected the DDES’s request and notified them that they were not permitted to return to work until their physician released them to perform dispatch duties. Further, because the DDES did not request unpaid leave of absence after the rejection and applied for unemployment benefits, the LCSO believed that the DDES had abandoned the position and terminated employment. Following the rejection of the request, the DDES sued under the ADA and FMLA.

The question on appeal was whether dispatch duties were an essential function of the DDES position. The district court held that dispatch duties were an essential function of the DDES position, and that the DDES was not a qualified individual under the ADA; thus not entitling the DDES

to ADA or FMLA protections. The Sixth Circuit Court of Appeals ultimately agreed, holding that the DDES’s claims failed because they were not released by their physician to perform the essential functions of the position at the end of FMLA leave. The LCSO did not deny any benefits the DDES would have otherwise been entitled to.

Legal Lesson Learned: An employee seeking accommodations must still be able to perform the essential functions of the job to qualify under the ADA and FMLA.

ANNUAL POLICE MEMORIAL PARADE

Dave Sprague

The Police Memorial is just three weeks away on Friday, May 17th and I strongly encourage you to attend. Over the last 10 years on the Honor Guard, I’ve learned the common thread at the dozens of funerals I’ve attended is the family’s extreme appreciation to the Department for sending us to honor their loved one.

You may be aware that the Police Memorial is attended by several surviving families of officers killed in the line of duty. If you want to know who they are, just look for them being escorted by an Honor Guard member. It’s our way of showing the family that their loved one is not forgotten. After such a tragedy, we always say they’ll never be forgotten and attending the Police Memorial is a way to put words into action by SHOWING the families that their loved one is remembered and cherished.

This year marks the 50th anniversary of Patrolman David Cole being killed in the line of duty. His widow, Cheryl, has been attending the Memorial for several years and will do so again this year. I can’t think of a better way to demonstrate love and gratitude for the sacrifice of our fallen officers and their families than to have the strongest attendance at the Memorial yet.

I’m merely asking for each of you to sacrifice just a few hours out of the year to collectively show our CPD survivors that whether it was 9 years ago or 50 years ago, they and their fallen officers are never, ever forgotten. Please attend the Police Memorial on May 17th.

Respectfully,
Lieutenant David Sprague
Honor Guard Commander

Please remember to call Michelle Comarata at (513) 381-2550 if you have moved, have gotten married or divorced, have added a child/dependent, and also to check or update your death beneficiaries.

9th DISTRICT TRUSTEE Jon Halusek

The Ohio Day on the Hill was held April 9th and 10th. Sean Woods, Ryan Jones, and I attended the meetings. We had meetings scheduled with Cecil Thomas, Cindy Abrams, Bill Seitz, Sedrick Denson, Rachel Baker and Jessica Miranda. We only met with Cecil Thomas, Cindy Abrams and the Aid to Rachel Baker. Bill Seitz cancelled his meeting, Sedrick Denson failed to show, and his aid wanted nothing to do with any of the material we were to leave with them, and we were able to leave the material with Jessica Miranda. Jessica Miranda is no longer a congressperson; she is now the Hamilton County Auditor.

The issues discussed were HB 308 Post Traumatic Stress bill, which would require the Bureau of Workers Compensation to cover post-traumatic stress (PTS) without an accompanying injury. Recreational Marijuana in Ohio HB 86 would create a new regional training center. This bill would centralize training which we already have in London, Ohio and would use \$45 to \$50 million dollars which could be used for other services.

Drug and Human Trafficking HB 230 would increase the penalties for these crimes to a first-degree felony. Also, Ohio is ranked 7th in the nation for fatal drug overdoses. This bill would increase the penalties and change the quantities required for trafficking in cocaine, fentanyl-related compounds, heroin, and methamphetamine.

OPF INFO FOR WELLNESS CHECK

D. Mitchell

Some retirees may receive a Benefits and Wellness Check form from OP&F.

A mailing went out this spring to approximately 1,500 OP&F retirees to help protect them from fraud. The Confirmation of Benefits and Wellness Check form is meant to ensure retirees – especially older members – continue to receive their benefits as intended. The form was sent primarily to older retirees or those living outside the U.S. If a member receives this form, they are required to complete and sign it in the presence of a notary. The completed form will certify that the person named in the document is currently living and should continue to receive their OP&F benefits. So far, OP&F has learned of several member deaths that were unreported. While most funeral homes automatically notify Social Security of a person's death, there is no similar process in place for members of OP&F. We currently rely, in part, on a member's family to notify us and provide the proper documentation. It is imperative that OP&F have correct mailing information for members, especially for important tax information that is sent to retirees annually. In particular, snowbirds who spend the winter months in a different location should ensure their address information is correct at all times. A change of address form is available at op-f.org, or it can be updated online using Member Self-Serve at op-f.org.

I contacted OPF and it was told to me that this will be mailed out to members who are 85-86 this year. Next year the letter will be mailed out to members who are 87-88-89. Members who are 90 and older were taken care of last year.

Ohio HB 296 and 94 Pension Issues - this bill seeks to end the disparity between police and firefighter employer contributions to the Ohio Pension Fund. The bill incrementally raises the employer contribution from 19.5% to 24% over four years. Ending the disparity will shore up OP&F and create fairness between uniformed services.

Ohio HB 51 Public Safety - this bill would stop all local law enforcement agencies from working with our federal law enforcement partners and if passed could fine the agency up to \$50,000 if they do. This bill also BANS hiring anyone who enforces federal gun laws in Ohio. An Air Force Security Forces member stationed at Wright-Patterson AFB could not become a Law Enforcement Officer in Ohio.

We also attended the State of the State Address held by Governor Mike Dewine. The Governor focused most of his address on issues for children in education, health, mental health, glasses, and hearing aids for those who require them. He also touched a bit on gun violence and that he has a task force of State Troopers who can assist to stop this problem. The Governor stated that the new Distracted Driving laws have prevented 3,600 crashes and prevented 17 deaths. The Governor also wants to make not wearing a seatbelt a primary offense.

Windfall Elimination Provision & Government Pension Offset
House Committee on Ways and Means Chairman Jason Smith (MO-08) and Social Security Subcommittee Chairman Drew Ferguson (GA-03) announced that the Subcommittee on Social Security will hold a hearing to examine Social Security's Windfall Elimination Provision and Government Pension Offset, their intended purpose, shortcomings, and alternatives. The hearing will take place on Tuesday, April 16, 2024, at 3:00 PM in the Sam Johnson Room located in 2020 Rayburn House Office Building.

This year 38 Officers have been killed in the line of duty, please watch each other, and cover over, as I have said many times one is too many.
