SEPTEMBER 2025

FOP President's Message

August was a very busy month for the FOP. We represented our members at the 67th Biennial National Conference in Miami Beach, Florida. Our delegates represented us well. Refer our National Trustee Greg Toyegas report for further information.

We finally have a date for trial for the Unfair labor practice on the Community Responders program. Others and I will be traveling to Columbus on October 27th and 28th. We will continue to fight for our collective bargaining agreement. I look forward to this coming to a resolution.

I want to thank the 1900 Club for their work interviewing Mayoral candidates, Council candidates, and Judicial candidates. As you all know, a constitutional amendment passed last year changed the process. The 1900 Club makes recommendations that will then be voted on by the members at the monthly meeting. This was done to give the opportunity for more members to have a voice. If you are not happy with the outcome, please get involved. Put in to be part of the 1900 Club or at the very least come the meeting so your voice can be heard. The 1900 Club is a thankless committee that is certainly worthy of our praise.

Finally, as most know by now, there was a motion approved for a vote of no confidence for the mayor. This is not something that was not taken lightly, yet was necessary. It was made abundantly clear the mayor has not met the expectations of the members of the FOP. In my 25 years as a member of CPD, I cannot recall a time when a vote of no confidence was taken for a mayor, much less an outcome that was unanimous.

While all this political noise exists, remember one thing. The FOP will always be ready to represent and defend the great work each and every one of you do day in and day out regardless of the political climate. Better days will be ahead.

Fraternally,
Ken Kober

L-18 EASTSIDE LUNCHEON John Burke

The Eastside Luncheon group met today as familiar faces and some new ones came together in a spirit of reunion. Handshakes, laughter, and heartfelt greetings filled the room as old friends caught up and shared well-wishes.

John Burke honored those no longer with us by reading a long list of names, reminding everyone of the bonds that hold the group together. He then led a quiz that kept the room engaged and entertained.

One standout moment was spotting the best shirt of the day: "El Rancho Rankin" — a nod to the old Eastside establishment that once thrived as a motel and restaurant before later becoming a dive. It sparked fond memories of a place long tied to local history.

9th DISTRICT TRUSTEE Jon Halusek

The delegates of Queen City Lodge 69 attended the 67 Biennial Conference in Miami, FL. My report for the conference is as follows:

There were no contested races for the Executive Board at this conference. Congratulations to:

National President Patrick Yoes

National Vice President Joe Gamaldi

National Secretary Jimmy Holderfield

National Treasurer James Smallwood

National 2nd Vice President John Hoyt

National Sergeant-At-Arms Steve James

Rob Pride was re-elected as Chairman the National Board of Trustees.

The FOP welcomed multiple members of Executive Branch to speak at the 67 Biennial Conference. President of the United States Donald J. Trump spoke to FOP members in a video message.

Members in attendance included:

Kristi L. Noem, Secretary of the U.S. Department of Homeland Security (DHS)

Todd W. Blanche, Deputy U.S. Attorney General (DOJ)

Thomas D. Homan, United States "Border Czar"

Daniel J. Bongino, Deputy Director of the Federal Bureau of Investigations (FBI)

Kash Patel, Director of the Federal Bureau of Investigation, also spoke to the audience in a video message.

There were several Constitution and By-laws that were discussed and voted on. Below is a summary of those (I have a digital copy of the conference book with the full versions of the Constitution and By-laws if you would like one).

Amendment #1

The following amendments to Article 19 of the Constitution are being proposed for consideration. Section 6.C would allow a state lodge to receive the constitution and/ or by-laws and amendments from the various subordinate lodges in electronic format. Most state lodges are doing this now. Additionally, it adds new subsection F. to Section 6 requiring all state and subordinate lodges to make updates to their Constitution and/ or By-Laws when changes are adopted to the National Constitution or By-Laws at a National Conference without the need to announce and vote on said changes at the state or local lodge level.

F. Any amendments that have been adopted by the delegates at the National Biennial Conference which apply to each state and subordinate lodges and their membership thereof, shall automatically become part of the state and subordinate lodge's Constitution and/or By-laws, and are not subject to the provisions requiring notice and adoption as it pertains to proposed amendments. State and local lodges failing to make the necessary adjustments to their Constitution and / or By-Laws will default to the National Constitution and

By-Laws. All state and subordinate lodges will be notified of any such changes from the National Secretary's Office.

This amendment was adopted.

Amendment #2

Article 31 Section 1. B changes the way member rosters are to be submitted from paper to electronic form.

This amendment was adopted.

Amendment #3

This proposed amendment is being offered to Article 23 of the Constitution. The proposed changes include changing the wording from his to the member and requiring documentation to be in electronic form. Additionally, it adds a method and timeline for appealing the decision of the National Board of Trustees concerning the individual party's case.

This amendment was adopted.

Amendment #4

The purpose of this Constitutional amendment to Article 31 Section 1. A is to increase the annual per capita tax by \$3.00 beginning with the 2027 per capita year and an additional \$3.00 in the 2030 per capita year.

This amendment was adopted.

Amendment #5

This amendment aligns the National Fraternal Order of Police's Constitution and By-laws with language approved by the National Board of Trustees and contained in the National Fraternal Order of Police Auxiliary's Constitution and By- Laws.

This amendment was adopted.

Amendment #6

The purpose of this National Constitution change is to allow the National Board of Trustees and National Office to host our National Conferences. This will take the burden of hosting from bidding states and allow them to focus on the conference events package. Two new areas are added under Section 2.

This amendment was adopted.

Amendment #7

The purpose of this National By-laws change is to allow the Site Review Committee additional time to make actual site visits for all bidding locations, with said visits to take place during the time of year when the conference will be held.

This amendment was adopted.

Amendment #8

This proposed amendment is specific to Article 19, Section 10. Receivership for State and Subordinate Lodges. It increases the percentage of votes needed to take action

COMMUNICATIONS COUNSEL

Ryan Stubenrauch / Jamieson Gordon

This month's crisis communications in the news comes from across the pond in the United Kingdom. It sounds as though there were questions in the community about what could and could not be released by the police following an alleged rape. Obviously, their laws and their spelling are a bit different than ours.

Here's what the police department released:

"There's been some questions about what we do and don't release as part of a high-profile investigation such as this.

Following the rape of a 12-year-old girl in Nuneaton on Tuesday 22 July we started an immediate and fast-moving investigation.

This provided specialist support for the victim and involves detectives, neighbourhood teams and experts from across the force.

The impact of such a crime is felt across the community, of which we are a part.

Our neighbourhood officers work every day with local community partners.

When something significant happens, we brief these partners and local elected officials on the circumstances of the crime, the investigation, the work being undertaken to arrest those responsible and how local people and partners can help a concerned community.

Where relevant, sensitive information around locations, details of the crime and policing activity to catch offenders can be shared, with a warning that this is sensitive or confidential information and disclosure by those being briefed could affect future court hearings.

We work to hold offenders to account and will always do everything in our power to present a robust case to the courts and protect the integrity of court proceedings.

Once someone is charged with an offence, we follow national guidance. This guidance does not include sharing ethnicity or immigration status.

As our investigation progresses, the victim remains at the forefront of our focus, and we will continue to work with our partners – providing updates and working alongside the people of Nuneaton."

While the substance of this statement may all be accurate, it's quite confusing – and not just because they're speaking British English (what's up with the "u" in "neighbourhood"?). It's confusing because it uses some jargon and jumps around too much. It's also a pretty long statement that doesn't actually say anything about the actual case other than the age of the victim. Now, it may be that their laws don't allow them to release a lot of specific information. In that case, here's how we could rewrite this:

Our community is heartbroken over the alleged rape of 12-year-old girl in Nuneaton last month. We want to be

transparent with all the information we can share as the investigation is still ongoing.

Any time a crime is committed, we work with detectives, specialist support for victims, local officials, and neighborhood teams to both support the victim and pursue justice.

As a rule of thumb, we try to share as many details with the community as we can – but often, there are things we can't say due to legal restrictions of an ongoing investigation.

Here's what we can say right now: We are committed to holding the person responsible for this heinous crime accountable to the fullest extent of the law. We stand with our partners as we look forward to bringing justice for the victim and her family. The safety of our community members is our top priority, today and every day.

Lazarus Law Negotiates New Policy Allowing Active Duty Officers to Carry Their Duty Weapon at Blossom Music Center

Steve Lazarus, Esq. • Lazarus Law, LLC

SteveLazarus@hlmlaw.com • (513) 607-4455

A few months ago, we reported on changes to policy that we negotiated at Hard Rock Casino Cincinnati, that now allow off-duty Law Enforcement Officers to carry their duty weapon into the Casino. Our report found its way to an officer who experienced a similar problem at the Blossom Music Center in Cuyahoga Falls. The Officer took his family to a concert at Blossom Music Center in 2024 and was denied access because he was carrying his department issued weapon. The Officer left the venue and safely stored his weapon. He then returned with his family to see the remainder of the concert.

The Officer contacted us for assistance with changing policy at Blossom Music Center as well as refunding his family's ticket costs based on missing part of the concert. Our negotiations with Blossom Music Center resulted in retraining for staff, and a new policy that allows off-duty Law Enforcement Officers to carry their duty weapons into events at the Blossom Music Center. The Officer has also been compensated for the concert tickets for his entire family.

We are proud to be a part of making this change for the benefit of all law enforcement who patronize Blossom Music Center in Cuyahoga Falls.

If you have experienced a similar issue at a different venue, please reach out.

FOPA OFFICER OF THE MONTH

Jackie Metz

Earlier this month, the Fraternal Order of Police Associates (FOPA) chose to honor Police Officer Korey Crampton for his compassion and commitment to going above and beyond the call of duty.

During the ceremony, P.O. Roberta Utecht spoke about Korey's kindness and selflessness, sharing a recent example that truly captures his character.

While patrolling the Price Hill area, Officer Crampton noticed a young man stranded outside his car with a flat tire. The weather was cold, rainy, and miserable. Without hesitation, Korey pulled over and offered his help. The young man had a spare tire, but no tools. Instead of leaving him stranded, Korey drove him to a location where he was able to borrow a jack and successfully change the tire.

A short time later, District 3 received an anonymous letter praising Officer Crampton's act of kindness, noting the difference it made to someone in need.

One of Korey's close friends summed it up best: "Not surprising—that's just Korey."

Congratulations, Officer Crampton. Your actions reflect the charm, decency, and heart that bring honor to the Cincinnati Police Department and the community you serve.

(continued from page 4)

against either of those lodges from 2/3 to 3/4. The 3/4 is consistent with the threshold needed for discipline against the National Executive Board members to go forward. The possibility of removing a sitting President of a subordinate lodge and especially a state lodge should be held to no less of a standard. To be given the authority to assume control of a lodge is the most serious power that can be given and should require the highest vote obligation.

This amendment was adopted.

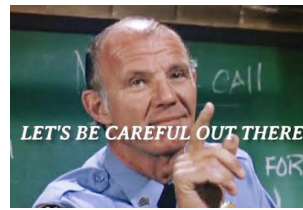

Amendment #9

This proposal has to do with electronic voting. Chicago Lodge #7 submitted the proposal that the entire membership shall cast votes electronic ballots on any Constitution and By-Law amendment, National Officer or any issue that would affect the lodge.

This Amendment was rejected.

As a result of Amendment #9 being rejected Amendment #10 is invalid and rejected.

The only ballot election was for the 2029 National Conference between Nashville and Detroit. The members voted Detroit for the 2029 National Conference.

Greater Cincinnati Police Museum – William Holzman Facebook

The Greater Cincinnati Police Museum held its annual Golf Outing August 7th at the Glenview Golf Course, and it was a tremendous success thanks to the outstanding turnout and the dedication of our volunteers.

This important fundraiser would not have been possible without the hard work and commitment of those who gave their time and energy to support the Museum. A special thanks goes to Rick Alhrich, our Coordinator, whose leadership and direction ensured that the event ran smoothly from start to finish.

Because of everyone's efforts, this outing not only strengthened community connections but also provided essential support to the Museum's mission of preserving and honoring the history of law enforcement in Greater Cincinnati.

Today we had the privilege of celebrating Retired CPD Sergeant Bill Vogel's 90th Birthday. Remarkably, sixty-five of those ninety years have been spent as an active - *very active* - member of the Cincinnati FOP Queen City Lodge #69.

Bill has been, and continues to be, a mentor to countless Cincinnati Police Officers. I was fortunate to work alongside him, to learn from him, and to call him a friend. His unwavering love and loyalty to Law Enforcement, the Cincinnati Police Department, and the FOP are second to none.

Happy Birthday, Bill! Here's to many more years of friendship, guidance, and celebration.
